About This Game

Dojini is a 2d platformer game where you control two characters at the same time.

After Dojini had his body and mind split into, two different dinos after a wizard put a curse on him for eating his apple. Dojini now finds himself trapped in a realm where his mind and body are split into two. When he moves his other body copies his exact movements.

You must find a way to escape the realm and defeat the wizard so that you can get your body back.

Can you accomplish this task?

A few updates have been made to the game

To make more casual

Updates:

- A controls menu page has been added so you can see the controls for keyboard and controller for the game.
- Levels have been made easier
- Enemies hit boxes have been reduced
- Before no enemies could be killed now certain enemies detailed in the game can be killed if you jump on there head

This should make the game more casual and fun to play
