## About This Game

Goat Simulator is the latest in goat simulation technology, bringing next-gen goat simulation to YOU. You no longer have to fantasize about being a goat, your dreams have finally come true! WASD to write history.

Gameplay-wise, Goat Simulator is all about causing as much destruction as you possibly can as a goat. It has been compared to an old-school skating game, except instead of being a skater, you're a goat, and instead of doing tricks, you wreck stuff. Destroy things with style, such as doing a backflip while headbutting a bucket through a window, and you'll earn even more points! Or you could just give Steam Workshop a spin and create your own goats, levels, missions, and more! When it comes to goats, not even the sky is the limit, as you can probably just bug through it and crash the game.

## Disclaimer

Goat Simulator is a completely stupid game and, to be honest, you should probably spend your money on something else, such as a hula hoop, a pile of bricks, or maybe pool your money together with your friends and buy a real goat.

## Key Features

- You can be a goat

- Get points for wrecking stuff - brag to your friends that you're the alpha goat

- Steam Workshop support - make your own goats, levels, missions, game modes, and more!

- MILLIONS OF BUGS! We're only eliminating the crash-bugs, everything else is hilarious and we're keeping it

- In-game physics that bug out all the time

- Seriously look at that goat's neck

- You can be a goat

## Mac and Linux Disclaimer

The Mac and Linux ports are still in Beta. Expect problems. We're working on fixing them asap!

Finally i can live my life as goat. my dreams of being a goat are almost fulfilled. Now i just have to turn into an actual goat. half way there.
10\/10. Its a good game.
but its not my style.. This game is a really good stress reliever. You can mix mutators to customize the goat anyway you want. You can even download mods to unlock mutators from the community.. 11\/10 best goat game. God i miss my wife. everybody wants to park their tree in the car, but nobody wants to plant a shade.. Pretty dumb.

Epic Store sell outs.. goat explode and fly high. i like licking the toaster. You run around town breaking into buildings and licking everything. So basically just any normal day for me.. Your a goat causing trouble, need i say more?
